

MID-RANGE MICHIANA USERS' GROUP

(www.MRMUG.org)

Thursday September 19, 2013

Meeting begins at **12:00 noon** (South Bend Time) lunch will be served during meeting

Topic - IBM Storage Technology Update

There have been a lot of changes in storage in the last few years - and quite a bit just recently. Don Younker with the IBM Storage Brand will be giving us an update on the IBM storage portfolio.

IBM disk storage systems provide storage efficiency solutions such as Real-time Compression, automated tiering, virtualization, and thin provisioning. These disk storage solutions increase the data storage landscape for organizations of all sizes to boost system performance and lower IT costs.

Come and find out what's new and how it can help you improve performance and efficiency whether you are running Power Systems (with IBM i or AIX), or Windows servers.

- Flash Storage - new and exciting!!!
- Storwize family
- IBM XIV
- DS8000
- San Volume Controller - think you have to get rid of your old storage? Think again!
- Real-time compression
- Flash Copy
- Thin Provisioning
- Automated Tiering

It's all there & it's all good!

Lunch from Famous Dave's will be provided!

Please register at http://www.forms2.mrmug.org/reservations/f_reservation.htm before noon on Wednesday September 18, 2013 to be eligible for a \$25 door prize!

Meeting Location	Please register for the meeting
CIBER Innovation and Technology Center 4100 Edison Lakes Parkway, Suite 240 Mishawaka, IN 46545	http://www.mrmug.org or Click here to register for the MRMUG meeting
