Topic - Duo Security

Duo Security is a two-step verification service that provides additional security for access to institutional and personal data.

This session will be a presentation and demonstration of Duo security.

Duo was founded with the belief that security can only be effective if it is easy to use. Through that vision, Duo has built a world-class security platform that is actually enjoyable to use. Duo supports thousands of customers and millions of users in organizations like Accenture, Boston Medical, Emblem Health, Facebook, NASA, Toyota, Twitter, Virginia Tech, Yelp and others, and enjoys the highest NPS score in the industry.

Duo is the fastest growing SaaS security company, tripling year over-year for three years in a row. We do this by creating a company that focuses on customer satisfaction and employee innovation.

Speaker – Cedric Simpkins

Cedric is an Account Executive at Duo Security with the responsibility for driving growth and relationships in the Midwest region of our nation. Prior to joining Duo Security, he worked in strategic sales roles with several companies spanning over Technology, Real Estate and the Automotive Industries.
